## LESSON #3 THE GODHEAD

<u>Summary Statement:</u> Yahweh God IS an eternal, loving relationship. That fact should define how we see Him, how we interact with Him and how we represent Him to others.

<u>Note:</u> It is not possible for us to completely understand the Godhead with our natural minds. We must settle in our hearts that it is a supernatural, spiritual concept that can only be apprehended by faith. We must also resist trying to put God into natural categories that we can explain, and ultimately, control.

<u>Key Verse:</u> Acts 17:29 (ESV) – "Being then God's offspring, we ought not to think that the divine being is like gold or silver or stone, an image formed by the art and imagination of man."
